

High-profile products and services

One strength of our company that is much appreciated in the market is the wide range of products. Our instruments and system solutions cover the entire measurement process from start to finish. Wherever you need to measure, control, record and analyze, JUMO is a qualified source to offer the appropriate product. All in the clear JUMO design, and with ergonomically thought-through operator controls.

Convincing perfection

Metalworking

- Turning
- Laser cutting
- Forming
- Surface treatment
- Assemblies
- Tooling
- Floats

Analytical Measurement

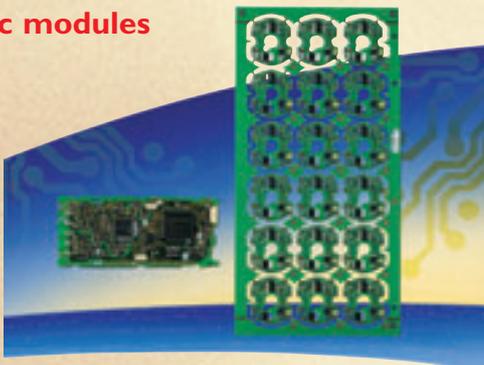

- pH/redox: sensors and transmitters/controllers
- Conductivity instrumentation: conductive and inductive
- Dissolved oxygen measurement
- Chlorine, chlorine dioxide, ozone, hydrogen peroxide and peracetic acid instrumentation
- Fittings and accessories

Pressure Instruments

- Pressure transmitters
- Level probes
- Pressure gauges and pressure switches
- Pressure cells
- Chemical seals and accessories

Electronic modules

- CAD layouting
- THT and SMD placing
- AOI-testing
- In-circuit testing
- Functional testing
- Run-In
- Final assembly
- Final instrument test

Thermostats and Dial Thermometers

Controllers, Power units, System/Recording technology

Transducers for Temperature and Humidity

Platinum temperature sensors

Service

- Panel and surface mounting thermostats in TR, TW, TB, STW and STB versions
- Room thermostats
- Warm-air thermostats
- Ex thermostats (ATEX)
- Electronic thermostats
- Dial thermometers as indicating and control instruments
- Bimetallic temperature switches
- Electronic temperature indicators with transmitter

- Process controls and programmers
- Automation software
- Electronic thermostats/microstats
- Safety temperature monitor/limiter
- Digital indicators
- Process controller
- Recording instruments
- Temperature transmitters
- Thyristor power switches/power units
- Software and accessories

- Thermocouples
- Resistance thermometers
- Ex temperature probes (ATEX)
- Humidity measuring instruments
- DKD (German Calibration Service) laboratory
- Nationally accredited Testing Station for Heat

in wirewound technology:

- Glass
- Glass with glass extension
- Ceramic
- Foil

in thin-film technology:

- Chip with connecting wires
- Chip in SMD style on epoxy board
- Chip with terminal clamps
- Chip in cylindrical style
- Chip in SMD style

- Planning and project design for automation solutions
- German Calibration Service (DKD) for temperature
- Support during commissioning and optimization
- Worldwide service network
- Technical support line
- Seminars and workshops
- Fieldbus center
- Technical literature
- JUMO home page: www.jumo.net
